MAYFIELD MESSENGER

A message from Mr Howard

Dear Parents and Carers,

As we reach the end of another busy and productive week at Mayfield, I would like to take a moment to recognise the positivity, ambition and sense of community that have been evident across our school. One particular highlight has been the exceptional standard of applications already submitted by our Year 11 students for the Wilkie Scholarship (and it has only been 5 days since Brian Wilkie, OBE, presented to the Year 11s). Reading about their aspirations, achievements and commitment to their futures has been both inspiring and reassuring. We are incredibly proud of the effort already gone into these applications and wish all future applicants the very best.

This week also provided an opportunity to welcome prospective families to our Year R Open Evening. It was wonderful to see families exploring our Early Years provision and learning more about life at Mayfield. We are grateful to the staff and student ambassadors who helped showcase our school and values so positively.

In addition, we were delighted to host our Year 7 Meet the Tutor Evening. Strong relationships between home and school are fundamental to ensuring every child thrives, and it was encouraging to see so many families attend. The evening provided an important opportunity for parents and carers to meet tutors, discuss how their children have settled into secondary school, and strengthen the partnership that supports their success. Thank you for your continued support. I hope you enjoy a restful weekend, and I look forward to sharing more successes with you in the weeks ahead.

Have a great weekend!

#Believe. Achieve. Succeed. #TeamMayfield

The Health and Social Care course has begun!

Our Year 10 Health and Social Care students have been putting their learning into practice by visiting our primary pupils and conducting interviews. They explored a range of social, emotional and cultural questions to better understand how these factors influence children's development, wellbeing and experiences. This hands-on opportunity helped students develop valuable communication, research and interpersonal skills while gaining real-life insight into the topics studied as part of our exciting new GCSE course.
