Our topic in class is Autumn. We will be looking at a variety of natural objects and materials to create Autumn artwork and look at changes in the natural world.

**Learning Intentions linked to class topic:**

- Use Autumn colours that we see in the environment to create artwork.
- Explore natural objects and materials using all their senses.

We are going to have a colour, number, and shape of the month in class it will be:  
Number 1, colour Orange, Shape Circle.

Could you create a collage with your children using one of the above so we can talk about their work and display in class.

Thank you for your donations of fruit and voluntary contributions towards the snack provision.  
**We are a NUT FREE setting. Can you check the contents of your children's packed lunch and remove items that have or may hold nuts please. If you go onto [www.bbcgoodfood.com](http://www.bbcgoodfood.com) or Change4life, they have lots of ideas for nut free lunches.**

Sunbeams sponsor Guide Dogs our new puppy is called Henry. We will explain to our children all about Henry and how he is being trained, to help people who cannot see.
