Hope you enjoyed the May bank holiday.

Our topic will continue with the theme Mini beasts. The children will be using magnifying glasses in class to observe mini beats looking closely at their features, size, shape, colour and patterns.

Learning Intentions:

- Naming bugs we know.
- What do you know about the bugs you named.
- Identify some of their features.

Gentle Reminders

We will start are PE lessons now as the weather is getting warmer and begin practicing for our sports day. Could you make sure to bring in plimsolls or trainers, so the children can change for this activity.

Could you ensure that your children's uniform is **clearly labelled** to prevent these items going home with the wrong child.

With the weather beginning to get a little warmer, if you do not want us to apply our suntan lotion that we hold at Sunbeams please provide your own.
